Pretty Girl's Brother, Leo Bishop, Has Their Father Brought Into Court on Writ of Habeas Corpus.

SURROUNDINGS ARE IMMORAL, HE ASSERTS.

Housekeeper's Name Mentioned in Charges-Both Daughter and Parent Resent the Action and Hint at Conspiracy.

ne merchant, asked Justice Fitzgeriful girl of eighteen years from he eps her amid immoral surroundings and C. Bishop, the defendant, is rated as a millionaire and lives with hi daughter and, as alleged, with his house keeper, Sarah Hess, in the fashionable apartment hotel, the Jefferson, at West Fifty-first street and Elghth avenue. The petition for the writ of habeas corpus was served on Mr. Bishop, st. last Saturday night and was made returnable to-day. In the court were the nted by Attorney E. J. Newell. The

scandal. It is the alleged relaons between Mr. Bishop, sr., and Mrs. the writ of habeas corpus.

She lives a life of ease and luxmry when not studying, and if the Bishop menage shows mny sign of imrality, as alleged in the petition, the irl appears not to be cognizar of it.

During the long wait for the case to me up in Special Sessions to-day she silent and calm, her mouth set and eyes steady. The father is deterned to fight the case to the end and nd holds that the whole affair is nothas of the public,

Acrimony Between Factions.

Defiant stares and glances suggesof acrimony passed between the two factions. The sons have been trying for some time to persuade the girl to leave her father's home. This she has steadfastly refused to do. Bishop thinks he scents a spirit of re venge on the part of hi rebellious chiltaken from him.

when the case was called Mr. Crandall asked that a postponement be granted. This was contested by Mr. Newell, who in turn asked that the case be heard at once, and that the girl be instantly removed.

The Justice was inclined to grant the postponement, but said he did not think he had the authority to order the separation of father and daughter until the arguments were heard. He then adjourned the case until Friday morning.

Girl Expects to Testify. Girl Expects to Testify.

Girl Expects to Testify.

In the petition it is claimed that the light is imprisoned, but this is only a sechnical charge for the purpose of bringing the matter of the alleged immoral surroundings before the court. She is a student at the High School, knows what it is to have an automobile waiting for her when her hours of study are done and dresses in the fashion of women many years older than she is reported to be.

She expects to testify when the family skeleton is taken out of the closet. Her father counts on the girl's testimanty to defeat the sons' case.

"I will show my sons up in their true light," said the elder Bishop to-day. They are dragging our family affairs into public, actuated by selfish motives. If my son was in his right senses he would not have taken these habeas corpus precedings. My daughter is as free to go and come as she bleases. She stays with me because she knows it is right for her to do so in every particular."

The brothers say that their father's actions have been of such a nature that they have been of such a nature that they have been obliged to take the step for public decency. They say that their friends have repeatedly come to them with advice and suggestions that Miriam should be taken from her present home. Mrs. Bishop, the mother of Miriam, has been in a sanitarium in Amityville for fourteen years. For many years the for fourteen years. For many years the house-keeper has taken charge of things in the Bishop household. The atmosphere, Lee Bishop claims, is dangerous to her morals. Therefore, his

CONSTRUCTION OF THE RALSTON HEALTH SHOE.

NOTE how the line of the innersole follows the curve of the foot sole—it is an exclusive "Ralston" idea—the construction of an anatomical last by which the feet rests on a moulded foundation, adjusted to natures's cueves. Far more coatly in making, but it guarantees instant ease-"the old shoe feeling" with the new shoe appearance.

Likewise, no other shoe has a winter sole like ours : FIRST, outersole of best bark-tanned leather, treated with our famous water-proofing compound, which also greatly increases the wear in the leather. SECOND, wool felt and rubber cushion—gives easy tread, repels dampness, prevents squeaking, THIRD, half sole of best leather. FOURTH, full sheet cork sole (the virtues of a cork sole are well known); it adds another cushion, keeps out dampness and cold. PIFTH, best leather innersole.
